June 29, 2026

SUBJECT: Results of Town of Sumner Opinion Poll Regarding the Proposed Osseo Solar Project

ATTN: Members of the Trempealeau County Board

On behalf of the Town of Sumner, we are writing to formally communicate the results of the Town of Sumner's recent opinion poll of the registered electors' regarding the proposed "Osseo Solar" project.

Notice of the opinion poll was published in the *Ad Delite* on June 10, 2026, and again in the *Tri County News* June 18, 2026. The notices informed residents of the purpose of the poll, ballot procedures, and the deadline for submitting ballots. In addition to the newspaper publications, the notice was posted on the Town of Sumner website and shared on social media through Facebook to provide additional public awareness.

On June 29, 2026, at 3:00 p.m., Chairman Darrel Smith and Clerk Kalynn Dewitz conducted the counting and verification of all opinion poll ballots at the Town of Sumner Shop. The ballots were reviewed against registered voter records, tabulated, and recorded. Upon completion of the review process, Chairman Smith, and Clerk Dewitz verified the accuracy of the tabulation and affirmed that the results accurately reflected all ballots cast.

The results of the opinion poll indicate that participating electors oppose the proposed solar energy development. The Town of Sumner has 582 registered voters. A total of 189 ballots were submitted. Of these:

- 21 ballots were cast in favor of the project.
- 157 ballots were cast in opposition to the project.
- 11 ballots were deemed invalid and were not counted due to voters not residing within the township, not being registered electors, or one elector submitting multiple ballots.

We respectfully submit these results for your consideration as you evaluate matters related to the proposed "Osseo Solar" Project.

Thank you for your attention to this matter.

Sincerely,

Darrel Smith, Chairman

Kalynn Dewitz, Clerk

Town of Sumner Board

Darrel Smith, Chairman
